

ON OUR WAY - OUR VERY FIRST TECHNICAL DAY

May 2nd was a day to remember- a new Princess in the Royal Family and.....our very first Section Romande Technical Day!

The rain of previous days had cleared to our relief and some 20 Members were present at Infinite Motors in Gland Switzerland to hear and learn about our cars in our very first Technical Day. Simon Sturges opened his garage at Infinity Motors for our Members and helped us on Post-War Rolls-Royce and Bentley while Sir Sidhi Dutta gave us informations on the Pre-War cars.

Though we were pleased to have been awarded this years Section Award for Most Improved Section in 2014 this would have been for naught if we did not do all that we can technically to further assist our Members to keep their cars on the road and in Rolls-Royce and Bentley nick.

Sidhi spoke about wheel-removal, radiator steam-valve, magneto-ignition, autovac petrol pump, clutch adjustment, correct fluids etc and Simon Sturges, Owner of Infinity Motors addressed our Post-war Owner-Members speaking about dynamo-workings, wheel care, electrics etc. and essential things to keep our cars in best form possible throughout the year.

After this event and to better greet the spring sunshine Simon Sturges presented our Members with a whopping-great outdoor barbecue for our pleasure and joy.

My/our kindest best to all for a successful summer Rolls-Royce and Bentley season!

Gérard Le Clerc, Chair/President, Section Romande

SIR SIDHI DUTTA AND SOME MEMBERS LEARNING ON 'HOW TO PROCEED' EVEN IF THE CAR SAYS 'NO, I'D RATHER NOT'!

SIR SIDHI DUTTA AND SIMON STURGES OF INFINITY MOTORS

A WONDERFUL BARBECUE MEAL OUTSIDE TO GREET THE SPRING AIR
